

## Do you want to be a PrescQIPP Champion?

### We are introducing an exciting new initiative at PrescQIPP and would like you to be involved

We are looking for a pharmacist or pharmacy technician from each STP/HB area to be a 'PrescQIPP Champion'. We will train you on the latest PrescQIPP resources so that you can cascade these locally and optimise their use.

The training will include presentations and resources that you can use to disseminate information locally. We will also share resources in their development stage so that you can have a say about whether they meet strategic needs or let us know what further resources are needed.

This will be an opportunity to work more closely with PrescQIPP and receive PrescQIPP resources first. As a PrescQIPP Champion you will have exclusive access to:

- PrescQIPP resources masterclasses
- Data masterclasses
- Leads emails
- The PrescQIPP monthly senior brief webinars
- Leadership and communication skills training
- ...and much more.

### Who are we looking for?

We are looking for pharmacists or pharmacy technicians who have good "Championing" skills, alongside:

- Experience of using PrescQIPP resources
- Good presentation skills
- Able to network effectively with colleagues
- Good IT skills
- Keeness to undertake the role.

Although this is a non-remunerated role, you will gain some great experience for your career development/advancement/interest and get a head start with PrescQIPP resources.

### Commitment

We envisage that as a PrescQIPP Champions you will spend up to eight hours a month on this work, but this would run alongside other work you are involved with. We would ask for a firm commitment to attend PrescQIPP Champion meetings four times per year when PrescQIPP resources will be shared ready for local cascade. The inaugural PrescQIPP Champions meeting will be virtual and we will introduce the PrescQIPP Champion role. Thereafter, the four meetings per year will consist of:

- One full day face to face meeting in central London – Agenda items will include skills training such as leadership, communication skills, sharing successes and problem solving alongside the latest PrescQIPP resources.
- Three webinars of 2 hours duration – latest PrescQIPP resources, Q&A session

We would also like to involve PrescQIPP Champions in the strategic review of our resources in their development stage. Resources would be emailed to PrescQIPP Champions at the quality assurance stage for them to review and advise whether they meet strategic needs and whether any other implementation materials are needed. We would expect individual PrescQIPP Champions to feedback on around two resources per year. This is not an editing or formatting role as this is done elsewhere in the quality assurance process, so should not take more than an hour or two to complete. The benefits for the Champion are that they will get early sight of the resources and will be able to feed into them.

## Key dates

The following are key dates which you should hold in your diary if nominated. Further details will be sent out in advance of the meetings.

Thursday, 16<sup>th</sup> May 2019, 10.00-12.00 - PrescQIPP Champion inaugural webinar (this will be recorded)

Monday 30<sup>th</sup> September 2019, 10.00-16.30 - Face to face meeting, Hilda Clarke Suite, Friends House, London (16.00-16.30 networking if available)

Monday 2<sup>nd</sup> December 2019 - Webinar 2

Tuesday 11<sup>th</sup> February 2020 - Webinar 3

**If you would like further information or an informal chat about becoming a PrescQIPP Champion, please contact Karen Homan, [karen@prescqipp.info](mailto:karen@prescqipp.info)**

If you are interested in becoming a PrescQIPP champion, please contact your Head of Medicines Management. Heads of Medicines Management across each STP/HB will consider all applications and nominate their chosen Champion.
