

Stakeholder expression of interest form 2019/20

| | | | |
|---------------------|--|------------------------------|--|
| Organisation | | Primary contact email | |
|---------------------|--|------------------------------|--|

By completing and returning this form I consent to PrescQIPP contacting me in relation to stakeholder consultations and understand that PrescQIPP may share stakeholder responses* publicly or with relevant third parties as part of the stakeholder consultation process.

*This will not include commercially sensitive information or personal details.

Select the work plan items of interest to your organisation

- Use the tick boxes to select the items you would like to view drafts for. The items must be relevant to your organisation.
- You will be sent an alert when the item goes to peer review and one week prior to the drafts being sent for comment.
- Please note that the low priority prescribing items are not confirmed yet and may be subject to change. You will be alerted.

| Area | Resource title | Scope | <input checked="" type="checkbox"/> |
