

## Managing medicines for adults receiving social care in the community - High quality e-learning

PrescQIPP is a not-for-profit organisation that supports NHS and social care organisations to optimise their medicines-related care to patients, through the delivery of robust, accessible and evidence-based resources and tools. Visit the [PrescQIPP website](#) for more information.

### The courses

These e-learning courses support the implementation of NICE guideline 67 '[Managing medicines for adults receiving social care in the community](#)'.

<b>Course 1</b>	Provides a foundation in the essential medicine-related processes that social care providers need to consider.
<b>Course 2</b>	Covers the practical issues related to medicines administration support for all social care workers in a client-facing role, upskilling them to administer different types of medicine formulations.

- Both courses consist of modules, case studies and a final exam with a 70% pass mark.
- On passing the course a certificate of completion will be issued.

The Care Quality Commission (CQC) was a stakeholder in the development process of this e-learning. The courses are CPD accredited and carry endorsement statements from the National Institute for Health and Care Excellence (NICE). PrescQIPP is a Skills for Care endorsed provider of e-learning courses for the adult social care sector.

### Monitor course uptake and progress

As a manager within the organisation you will be able to view e-learning activity reports, which show you who has enrolled on the courses, and who has completed them.

### How to buy the courses

Course 1 can be purchased for £9.99 and course 2 can be purchased for £14.99. The two courses may be purchased together at a discounted rate for £22.99+VAT.
