

✓ Medication reviews

✓ Improving medicines safety

✓ Improving asthma prescribing and reducing the inhaler carbon footprint

PrescQIPP
Funded by the NHS for the NHS

Are you a practice pharmacist or pharmacy technician looking for free support to deliver your key priorities?

Your Health Board already subscribes to PrescQIPP, which means you can access a vast range of evidence-based, quality assured resources **absolutely free**, including succinct clinical guidance and tools on national and local priorities.

You can also sign up to free monthly, virtual professional group training webinars, led by an experienced PCN pharmacist, and network with colleagues via the online chat forum.
