### Why join?

- + Monthly webinars with external medical and pharmacy experts on key clinical and non-clinical topics
- + Support to spread innovation and best practice
- + Online resource centre including how to access and use prescribing data to help SMR patient selection
- + Access to clinical peers for mutual help, advice and learning
- + Professional online discussion forum

**Practice Plus is a professional network providing expertise and advice to help you 'Stop, Think and Re-Focus'.**

It aims to support the whole clinical and prescription team to work more effectively, safely and efficiently.

P+ is led by Steve Williams, head of a large PCN MO team in Bournemouth, who has over 30 years experience in primary care, acute hospitals and national MO roles, including as a consultant pharmacist.

### What our subscribers say...

- + "Superb – love the bite size presentations. The non-clinical skills are so important and you covered it so well. Thank you" – *Samir Patel*
- + "Excellent, I'm so pleased I decided to join Practice Plus. Really good quality speakers. Very thought provoking" – *Lucy Lightfoot*
